1. ☒ The amendment filed on 19 April 2007 under 37 CFR 1.312 has been considered, and has been:

a) ☐ entered.

b) ☐ entered as directed to matters of form not affecting the scope of the invention.

c) ☐ disapproved because the amendment was filed after the payment of the issue fee.

Any amendment filed after the date the issue fee is paid must be accompanied by a petition under 37 CFR 1.313(c)(1) and the required fee to withdraw the application from issue.

d) ☒ disapproved. See explanation below.

e) ☐ entered in part. See explanation below.

The amendment seeks to correct what was remedied by the Examiner's Amendment (1/17/07). The version of the claims that will appear in the patent is that presented 4/27/06 with the changes indicated in the Examiner's Amendment made thereto.

Further, the instant amendment (4/19/07) does not present the most current version of the claims, uses incorrect status identifiers, and includes markings in a claim (claim 1) identified as "Previously amended".
